[craft colony shopping destination]

Our green-village-building class demonstration project cultivates a "green hub in the 'hood" pilot at our event site. We launch a small business workshops series on start-ups in food, recycling, composting, deconstruction, and energy efficiency with Ken Dunn and John Porterfield and a TIF/Land Trust Forum with Jeff Leslie, Esq. and Bill Howard.

**Sample Local and "Old South Exports"
At Our Food Enterprise Hub**

Angelic Organics Learning Center
Center For Urban Transformation
Chicago's Downtown Farmstand
Fair Trade Chicago
Real Men Cook

View West Woodlawn Green TIF Photo Gallery

"Front/Back: Honoring The Fallen/The Standing"
a photo-documentary of this TIF's 1425 buildings and 860 vacant lots: neighbors autograph these photos and are photographed with them.

Enroll In Citizen Utility Board Light Swap Project

BIG™ launches a TIF-wide swap-out of incandescent bulbs and partners with CUB to track the savings in a multi-year initiative for efficiency, conservation, and local energy production.

Register In Community Performance Project

Migration: The Musical™ unfolds as a healing, bonding, organizing tool: register for this summer session at The University of Chicago/CKP.
